"Panning" photography.

Noel will be saying something on the subject this coming club night(Sept.3rd).

The idea is to have a go at it and then upload 2 of your best images to show at club night (to Panning, on the Website).

The subject matter can be anything that moves. **Just get out and have some FUN!**

Barbara has put some very good info. about panning photography on the club web site

Go to Information

Scroll down to Sept.17th.2014
and all will be revealed.

...and a personal Thankyou for the Video Tutorials last Workshop night. I now have a clear understanding of the difference the Focal Length of a Lens makes to the composition and balance of our Images. Very Helpful!

Self-Assignment Topics for February 2015

We are trying something new this Year to see if we can rejuvenate this competition. Most of us struggle to come up with a topic ourselves but may not be too excited by the one we are given. So this year we are not limiting you to one choice but..... WAIT FOR IT.....You have 5 CHOICES!!!You can be as creative as you like in your interpretation of any one of the following. If you still prefer to be given your topic that can still be done for you. Talk to Christine at Club Night. It's going to be interesting to see which topic/s are most popular! GO FOR IT EVERYONE!

Instrument/s	Rear End/s	Bird/s
Park Activity	Blue	

Have you chosen your Topic yet?? If you need a nudge talk to Christine she can pull a topic from a hat for you.

Looking forward to seeing you all Wednesday night.
