

	<p>1 Day at the Beach – Intermediate - <i>merit</i>: like the use of the two layers to create an image that appears at first glance to be one layer, has a painted quality.</p>
	<p>2 A Long Way from Home – Intermediate - <i>accepted</i>: interesting combination of images, nice balance and composition.</p>
	<p>3 Sunrise Over Cromwell – Intermediate - <i>highly commended</i>: stunning colours, the use of the second layer to give the image a dusk/dawn feel is really pleasing to look at, well done.</p>

	<p>7 Purity - Intermediate - <i>merit</i>: nice composition, like the idea, would like the layers to be a bit more luminous so each layer is clearer.</p>
	<p>8 Shirley's Happy Place – Salon - <i>accepted</i>: interesting but the two layers don't complement each other.</p>

	<p>9 Hazy Impressions – Salon - <i>highly commended</i>: nice colours and composition, the layering gives it a very moody look, like this one!</p>
	<p>10 Muriwai Gannet - Salon - <i>merit</i>: nice composition and complements each layer.</p>

	<p>12 On the Farm – Salon - <i>merit</i>: nice composition and the layers create drama and movement.</p>
	<p>13 Gannet In Flight – Salon - <i>highly commended</i>: two very complementary layers, good composition and balance, would like the layers to be more luminous, if this was done 'in camera' please change it to an 'honours'.</p>

	<p>23 Waterfall Cyclamens – Salon - <i>accepted</i>: two nice layers and blending done well, not sure about the combination.</p>
	<p>24 Journeys – Novice - <i>merit</i>: two really nice layers, if the ridgeline image was higher in the frame and clearer it would have more impact, like the tones and shadow detail, if don 'in camera' please change to highly commended.</p>
	<p>25 Saint Malo – Novice - <i>accepted</i>: two nice layers but they do not go together well but has nice tones and is dramatic.</p>
