	<p><b>The Wave – Salon</b> – One judge felt the lower and left portions could be cropped to give more prominence to the wave, while another felt that the dark blue at the base of the wave could be lightened to accentuate the translucent light showing through. <b>Highly commended</b></p>
	<p><b>Sand Dune Hues – Salon</b> – Lovely colours and beautiful light accentuating the layers and catching on the rocks, lifting the whole image. The angles, leading lines and lovely close-up details help give this a well-deserved - <b>Honours</b></p>
