	<p>1. Wild Wave – Salon - Nice curves and colouring, and the water spray gives it life and movement. The white framing at the bottom is rather too wide, but overall, this is quite striking and keeps the viewer engaged. <i>H/C</i></p>
	<p>2. See Red – Salon – An interesting idea with striking colours. However, the shadows detract from the photo and the flower could perhaps have been better centred. A good try at something different. <i>Merit</i></p>
