CLUB MEMBER GRADES

Novice (n)

This section is designed to cater for new members with possibly limited knowledge of photography, or possibly experienced new members who have yet to prove their current level of ability.

Novice competition entries are assessed on a less demanding scale than the more advanced workers, except in trophy competitions where grade is not revealed. However, upon earning **60 competition points**, a Novice worker automatically moves into the Intermediate grade for the rest of the year.

A novice may however be invited to move into the Intermediate or Salon grade at any time, at the discretion of the committee.

Intermediate (i)

This section is for photographers with a good level of photographic competence.

An Intermediate member may be invited to move into the Salon grade at any time, at the discretion of the committee.

Salon (s)

This section is for our most advanced photographers, who are expected to produce work to a consistently high standard.

General Grade Information

A new member's movement up through the grades is based on the worker's achievements and the Committee's appraisal of the apparent level of expertise displayed and may not necessarily have to be in sequential order as detailed above.

It is however usual for all members new to the club to start in the Novice section until their standard of work has been assessed.

Any new member who has already qualified with PSNZ letters will automatically be put in salon grade.

POINTS AWARDED FOR COMPETITIONS

Judges of competitions may, at their discretion, award points as follows:

Acceptance	1 point
Merit	3 points
Highly Commended	5 points
Honours	7 points
Honours + Bar	9 points

Additional points are granted in the following case: **5 points** to the owner of each print selected to represent the club in any Interclub competition.

CLUB WEBSITE

www.whgcameraclub.org.nz

Club members will have full access to the site on payment of the Club fees.

As a Club member they can:

- Enter club competitions.
- Read the Judges' comments for Competitions.
- Read the club newsletter online.
- Access links to appropriate training videos or photography sites.

Our club website has been developed to be the standard system by which the club manages images for **all** club competitions and stores the results and comments with these competition images.

To enable prints to be managed using the same system; club members are required to upload a digital version of each print entry to the club website in the same manner as digital competition images are uploaded. This will enable print results with judges' comments to be stored next to print images in the same manner as digital images.

Note: For the Audio Visual and Salon Portfolio competitions, upload 1 only image for each competition.

NOTE: Final judging of print images is and will always be completed while viewing the actual print, as the print worker presented it.

The general public can view basic club information and some Honours and H/C images on feature displays. They cannot view the members' area.

Winning Images *WILL* be displayed on the Whangarei Camera Club website

www.whgcameraclub.org.nz.

Any images by club members that are awarded Honours, H/C or are Trophy winners or Runners Up, ***will be exhibited on the Club's website, with the exception of portraiture entries.***

If a member ***does not*** want their work exhibited, they must inform the Webmaster in writing of their wishes or on the competition judging night if for only that specific image.

Collection of Images to Create Winner / Runner-Up Certificates for Annual Club Prize Giving

During the course of the competition year the Whangarei Camera Club Committee request that winning Trophy and Certificate images (for both print and projected images) be collected and stored on the club computer and/or club Dropbox account.

These images will then be used where appropriate to create more meaningful Winner and Runner-Up certificates for the annual club prize giving.

If a member does not want their work kept for this purpose, they must inform the print or projected image competition secretary of their wishes on the competition judging night.
